Galloway, NJ – The Stockton Center on Successful Aging (SCOSA) will host a Computer Science & Information workshop for older adults titled "Cybersecurity and Privacy" on **Friday, April 8 from 1-3 p.m.** on the main Galloway campus in room F-114. The workshop will cover cyber security skills and techniques for safe computing.

Participants will learn to be aware of the tricks used by scammers and hackers to steal data and personal information. The workshop will discuss the strategies, skills and mindset needed to safeguard information and privacy when online. Participants will learn computer security practices and privacy protection techniques to reduce exposure to threats.

The workshop will be led by Stockton faculty members Ai Zhang, Chenyan Xu and Aakash Taneja, along with Nandini Taneja and students in the Computer Science & Information Systems program.

Seating is limited and registration is required. To register, call 609-626-3591 or register online at www.surveymonkey.com/s/scosa2016.

Visit the SCOSA website at www.stockton.edu/scosa for more information, updates and cancellation procedures.
