INSTRUCTIONS FOR USE OF EXEMPT USE CERTIFICATES - ST-4

- Registered sellers who accept fully completed exemption certificates within 90 days subsequent to the date of sale are relieved of liability for the collection and payment of sales tax on the transactions covered by the exemption certificate. The following information must be obtained from a purchaser in order for the exemption certificate to be fully completed:
 - · Purchaser's name and address;
 - · Type of business;
 - · Reasons(s) for exemption;
 - Purchaser's New Jersey tax identification number or, for a purchaser that is not registered in New Jersey, the Federal employer identification number or out-of-State registration number. Individual purchasers must include their driver's license number;
 - If a paper exemption certificate is used (including fax), the signature of the purchaser.

The seller's name and address are not required and are not considered when determining if an exemption certificate is fully completed. A seller that enters data elements from paper into an electronic format is not required to retain the paper exemption certificate.

The seller may, therefore, accept this certificate as a basis for exempting sales to the signatory purchaser and is relieved of liability even if it is determined that the purchaser improperly claimed the exemption. If it is determined that the purchaser improperly claimed an exemption, the purchaser will be held liable for the nonpayment of the tax.

- 2. Retention of Certificates Certificates must be retained by the seller for a period of not less than four years from the date of the last sale covered by the certificate. Certificates must be in the physical possession of the seller and available for inspection.
- 3. Acceptance of an exemption certificate in an audit situation On and after October 1, 2011, if the seller either has not obtained an exemption certificate or the seller has obtained an incomplete exemption certificate, the seller has at least 120 days after the Division's request for substantiation of the claimed exemption to either:
 - 1. Obtain a fully completed exemption certificate from the purchaser, taken in good faith, which, in an audit situation, means that the seller obtain a certificate claiming an exemption that:
 - (a) was statutorily available on the date of the transaction, and
 - (b) could be applicable to the item being purchased, and
 - (c) is reasonable for the purchaser's type of business; OR
 - 2. Obtain other information establishing that the transaction was not subject to the tax.

If the seller obtains this information, the seller is relieved of any liability for the tax on the transaction unless it is discovered through the audit process that the seller had knowledge or had reason to know at the time such information was provided that the information relating to the exemption claimed was materially false or the seller otherwise knowingly participated in activity intended to purposefully evade the tax that is properly due on the transaction. The burden is on the Division to establish that the seller had knowledge or had reason to know at the time the information was provided that the information was materially false.
