## Student Testimonials

I am a woman in STEM, and I plan to utilize my experiences and education to assist young women in advancing in the technology and engineering fields. As a scholarship recipient, I am thankful for supporters like you who show up for Foundation events to help Ospreys like me.  
– Shirlene Henry-James

It is such an honor to be a scholarship recipient. I am a first-generation college student from Riverside, NJ with a dream to enter the healthcare field as a Physician Associate and help other people. I have never had any outside support to help me financially through college as I have paid for my own food, gas, housing, tuition, etc. That being said, I am very thankful for your support to the Golf Classic which helps other students like me.  
– Dennis Drakeley

I am so appreciative of your support. It will not go to waste! I vow to continue to work hard to achieve my education and career goals. I am so inspired by your generosity and hope to provide a future student the opportunity to pursue their dreams once I have reached mine.  
– Samantha Alip

I am very grateful for the hard work and dedication of those involved in presenting the Stockton University Foundation fund raising events, such as the Golf Classic. Your devotion to student learning and career achievement is paramount for those seeking assistance to attain their goals. While I am not blessed with talent on the links, I am most appreciative of those who organized and participated in the event so that students like me can benefit.  
– Peter Rossi
