

The members of KF&B remember how hard it was to pay for education to become the amazing lawyers they are today. Therefore, as a way to pay it forward to others, they have created the \$1,000 KF&B Law Academic Scholarship, which is in its third year, to help one student lessen their financial burden from school. This will be our third year awarding a student with our scholarship.

The scholarship is open to any high school senior, or any college student who isn't in their final year. The \$1,000 scholarship will be awarded to the winner's school's financial aid department. The scholarship is open to any major, they do not have to be law students.

Would be willing to share this on your website for your students to see? <https://kfblaw.com/scholarship/>
