Our School of Education prepares new K-12 teachers for CAEP-TEAC-accredited initial certification and endorsements. We emphasize more and better field experiences than New Jersey requires, including an initial experience in Atlantic City, and optional year-long and co-teaching models.

We also offer a CAEP-TEAC-accredited graduate program for master teachers, supervisors, special education professionals, reading specialists, and principals; a doctoral program in organizational leadership; and a masters program for instructional technologists. Many courses lead to additional state certifications and endorsements, and all can be customized to meet your needs, either at our Stockton locations in Galloway, Atlantic City, Hammonton, Manahawkin or Woodbine, online, or within your school district. Special group and on-site tuition pricing plans are available as well.

Our Southern Regional Institute & Educational Technology Training Center (SRI & ETTC) develops and delivers continuing professional development to K-12 teachers. Our Stockton Center for Economic and Financial Literacy enhances our commitment to excellence in community engagement.
