

# NJ students need you this summer.

**You can make a difference to students whose learning has been affected by COVID-19. Apply now to work as a summer tutor.**

To address COVID-19-related learning loss, TCNJ's School of Education has partnered with the New Jersey Pandemic Relief Fund and the Overdeck Family Foundation to create the NJ Summer Tutoring Corps. This program will provide tutoring for thousands of K–5 students who have experienced pandemic-related learning loss.

We are seeking preservice and in-service teachers to tutor students for a minimum of 10 hours a week at Boys & Girls Club and YMCA locations around the state. Tutors will earn \$20 an hour and may be paired with multiple groups to work as many as 25 hours a week.

**Interested? [Apply now.](#)**
