## NJDOE Updates

The Department proposed changes to teacher preparation requirements, summarized in these [charts](#) that outline effective dates for each proposed change.

The New Jersey Department of Education has reorganized its (former) division of academics into the Division of Teaching and Learning, still supervised by Chief Academic Officer, Kimberley Harrington.

The Division includes six offices and two commissions: Amistad and Italian American Heritage. The Division continues to be responsible for the

New Jersey Collaborative Online Resource Exchange (NJCORE) and the New Jersey Teachers Advisory Panel (NJTAP) originally founded by our School of Education's own Jeanne DeColle.

The Division of Teaching and Learning is also conducting a "review" of the Common Core standards, focused around two main activi-

ties this fall: [an online survey](#), and a series of events around the state that comprise a "listening tour" where New Jerseyans are welcome to share their perspectives with members of the department staff.

Stockton hosted a southern [regional event](#) as part of the listening tour on Monday, September 28, from 6-9pm in the Campus Center.

We also offer a CAEP-TEAC-accredited [graduate program](#) for master teachers, supervisors, reading specialists, principals and a program for [instructional technologists](#). Many courses lead to additional state certifications and endorsements, and all can be customized to meet your needs, both at our Stockton locations in Galloway, Atlantic City, Hammonton, Manahawkin or Woodbine, and within your school district. Special group and on-site tuition pricing plans are available as well.

Our Southern Regional Institute & Educational Technology Training Center (SRI & ETTC) offers professional development aimed at increasing student achievement. Our Centers for Community Schools and Financial Literacy enhance our commitment to excellence in community engagement.

## The Stockton School of Education CONNECTS.

### From the Dean's Desk

Dear Friends of our School,

The fall semester is now well underway, and all of the news accounts around south Jersey carried great news stories about our P-12 partners' opening days. Each year, our academic renewal reminds us of our commitments to continuous improvement in what we do, and restores our energy so that we can do this work.

In that spirit, this month's note is a special thank you to everyone who has made a contribution to our scholarship fund. Your generosity has made it possible for a record number of Education students on both graduate and undergraduate

levels to obtain scholarship support this year. In the tradition of Gatorade Dousing (only less sticky) we held an end-of-summer thank you event to recognize everyone who has made any scholarship gifts, inviting all to "douse the dean" with ice water in celebration.

Want to be part of our next Douse celebration?

No gift is too small; there are multiple ways to give. In fact, [www.stockton.edu/give](http://www.stockton.edu/give) makes it *that* easy. Just pull down the Scholarships choice to Education!

As always, please drop us a line and let us share your good news: please email [keenanc@stockton.edu](mailto:keenanc@stockton.edu) with your feedback.

Best wishes,  
Dr. "ClauDean" Keenan

Please make a [gift](#) to the School of Education for scholarships or program funds. We THANK YOU for your generosity!
