

Elementary Certification (K-6) with Specialization (5-8) - Post- Baccalaureate Curriculum Worksheet— Stockton University School of Education

Revised 03/27/2017

Students must complete a major in the liberal arts, sciences, or a minimum of 60 liberal arts credits. A *liberal arts major* means any college major such as philosophy, history, literature, sociology, science, mathematics, or world language that is intended primarily to provide general knowledge and to develop an individual's general intellectual capacities to reason and evaluate, as opposed to professional or vocational skills. A grade of C or better is required in all content field courses. We recommend earning middle school endorsements by taking fifteen (15) credits in at least one of the selected content areas of math, science, social studies, or language arts/literacy. In addition, while all bachelor programs require a minimum of 128 credits and a 2.00 cumulative GPA, the NJ Department of Education requires a 3.0 cumulative GPA.

Student Name: _____ Z _____
 Preceptor: _____

Dates of Curr WS Review: ___ / ___ / ___ / ___ / ___

#1 Liberal Arts Major:	Credits
Required 60 Credits in Liberal Arts?	
Completed BA/BS date
