I spent last year as the CTLD Faculty Leadership Fellow where the chairs met to discuss proposing such a committee. Recently, I co-chaired the Faculty Evaluation of Deans Committee to draft questions that the university will use in the evaluation of deans next year. I want to help the chairs be able to do their jobs the most effectively and will always advocate for my colleagues.

I have about 10 years experience serving on the Senate, including a term on the Executive Committee, serving as Chair of Admin & Finance for several years (Vice Chair too), Vice Chair of Academic Policies and Procedures, and served on a number of Senate task forces. I am the Chair of the MSW program, one of the larger graduate programs at Stockton, based in Atlantic City. I have represented the graduate voice in all of my work, school and university level. I believe that with my experience I can bring a helpful perspective to the needs of graduate programs at Stockton.

**School:** NAMS

**Position sought:** Interdisciplinary Minor Coordinator Representative to the Committee of Chairs

**Number of Years at Stockton:** 25

### **Why do you want to serve in this role? What would you bring to this position?**

I am an active member of three interdisciplinary minors, and I have served as the coordinator for the Holocaust and Genocide Studies minor for over a decade. I am committed to interdisciplinary learning, scholarship, and service, and I believe that I will be a strong representative for the interdisciplinary minors on this committee. I am always willing and eager to be "part of the conversation," and this committee will provide opportunity for both vertical communication within the university system and the increased opportunity for lateral communication with other chairs and coordinators.
