

Whether you're a seasoned clinical educator or just beginning your journey, this free, web-based course is designed to equip you with the essential skills for providing effective, evidence-based instruction to speech-language pathology students.

### [New CAPCSD Course: "Key Principles in CSD Clinical Education"](#)

Successful completion of all six modules will earn you 0.30 ASHA CEUs in clinical education, meeting the ASHA training requirement for clinical educators, supervisors, and preceptors.

#### **Course Highlights -**

Direct link: <https://www.pathlms.com/capcsd/courses/70012>

By completing six self-paced modules, you will:

- Gain insights into the roles and responsibilities of clinical educators and learners.
- Explore proven communication strategies to strengthen relationships with your clinical learners.
- Learn techniques for providing meaningful feedback and navigating challenging conversations.
- Understand the importance of culturally responsive teaching and ethical obligations in clinical education.

Visit the [Key Principles in CSD Clinical Education](#) webpage for more information.

Use the above web link to register for the course, where you can sign up, create a user login/password, and **enter a valid ASHA number to receive CEUs**. \*At least .2 CEUs are required to supervise a student.

Let the learning begin!
