STOCKTON | SCHOOL OF
UNIVERSITY | HEALTH SCIENCES

Accelerated Bachelor of Science in Nursing | BSN

ABOUT THE PROGRAM

Accelerated Program

The Nursing Program at Stockton is grounded in the Roy (1976) Adaptation Model.

Benefits of the Bachelor of Science in Nursing Program:

- Small Classes
- Experienced Faculty- Our faculty are dedicated to teaching, scholarship, and the preparation of students for careers in Professional Nursing.
- History of Success- The program has a strong record of preparing students for the NCLEX exam and placing graduates in nursing positions. The five-year pass rate has averaged 90%. Our graduates are employed in Nursing within one year of program completion.
- Facilities- Stockton features fully equipped labs and classrooms, an on-campus magnet certified medical center and rehabilitation center for use in clinical experiences, and electronic classrooms – all to enrich the educational experience.

Please visit stockton.edu/hlthschool for more information about the BSN Program.

THE CURRICULUM

Fall

NURS 1902	Foundations of Professional Nursing with NURS 1915 (Lab)
NURS 2433	Pathophysiology** – this course is recommended prior to the start of the program but can be taken in the first semester. Prior approval by the Accelerated coordinator is needed if taken at another institution.
NURS 2211	Physical Assessment with NURS 2225 (Lab)
NURS 2506	Pharmacology

Spring

NURS 3913	Care of the Adult I with NURS 3915 (Clinical)
NURS 3904	Psychosocial Nursing with NURS 3916 (Clinical)
NURS 3337	Nursing Research Methods

Summer

NURS 4920	Care of the Adult II with NURS 4922 (Clinical)
NURS 3913	Nursing Care of Childbearing and Childrearing Families with NURS 3917 (Clinical)

Fall

NURS 4925	Care of the Adult III with NURS 4926 (Clinical)
NURS 4348	Population Health with NURS 4349 (Clinical)
NURS 4649	Professional Issues in Nursing

*Students must earn a minimum grade of “C+” in all courses.

ADMISSIONS REQUIREMENTS

Students with earned baccalaureate degrees*

Students with earned baccalaureate degrees or higher must have earned credits in the following courses:

- English I & II
 - Intro to Psych
 - Life Span Development
 - Statistics
 - Nutrition
 - Chemistry I - Inorganic
 - Chemistry II - Organic
 - Microbiology
 - Anatomy & Physiology I & II
 - Ethics (waived for Stockton graduates with a Health Science degree)
 - Pathophysiology* Recommended prerequisite beginning Fall 2019
- A GPA of 3.5 and no less than a C+ in all required science courses taken at Stockton are desired for admission. Required science courses taken at schools other than Stockton should be a grade of B or higher. All transcripts will be evaluated on an individual basis.

All applicants must pass a criminal background check and/or drug screening prior to enrollment. Students must also successfully complete a criminal background check in order to be licensed as an RN in the State of New Jersey. In addition, students must meet Technical Standards and Functions outlined by the Program.

Applications for the Accelerated Program will be accepted until June 15. Transcripts will be evaluated on an individual basis.

* Pathophysiology is a recommended pre-requisite course for the accelerated program. Students who do not take Pathophysiology prior to admission into the accelerated nursing program will be required to take the course during their first semester in the program.

All applicants must fill out a transfer application. Transfer Applications are available from the Admissions webpage and from this link: <https://stockton.edu/admissions/transfer-students.html>

***Students admitted to Stockton University after the Spring of 2018 must have an earned baccalaureate degree to be eligible for admission; those admitted prior are still eligible to transfer into the Accelerated program with all completed prerequisites. This includes all required G courses for graduation.**
