What is an ePAF?

The Electronic Personnel Action Form (ePAF) allows the university to process paperless personnel actions with an electronic approval process through Self Service Banner. The ePAF replaces the TES form for student workers, and an end user will have the ability to create specific ePAFs depending on their role/group within the system. There are different levels of approvals depending on the type of ePAF that is being submitted. This manual provides instruction and information on student worker ePAFs and employee supplemental ePAFs only.

Participants in the ePAF Process

- Originator – the end-user that begins the process by filling out a new ePAF.

- Approver – reviews and takes action on the ePAF. An Approver can move the ePAF forward towards completion or take other necessary actions to have the ePAF corrected or stopped.

- Applier – this will always be someone from Payroll. The Applier applies the approved ePAF to the Banner database.

- Proxy – is assigned by an Approver or Superuser to do their work for them while they are absent.

Types of ePAFs

- Student New Hire (STNWHR) – has NE ER worked on campus before

- Student Rehire/Reactivate (STRSPT) – student who does/has worked on campus before

- Federal Work Study New Hire (WSTDYN)

- Federal Work Study Rehire/Reactivate (WSTUDY)

- Student Grant Position New Hire (STGRNW)

- Student Grant Position Rehire (STGRRE)

- Faculty/Staff/Adjunct Supplemental BW – 12-month employee (SUPPBW)

- Faculty/Staff Supplemental BT – 10-month employee (SUPPBT)

- Supplemental for Grant Fund BW – 12-month employee (SUPGBW)

- Supplemental for Grant Fund BT – 10-month employee (SUPGBT)

- Terminating a job from a student employee (STTNRM)

<u>Frequently Asked Questions & Helpful Hints</u>

When is an ePAF due?

Review the Payroll calendar, locate the specific pay period you want your ePAF to be effective by, and the due date will be listed under the column titled "Fully Approved ePAFs Due."

How do I view an ePAF that has been submitted?

Once logged into the ePAF Main Menu, click on the ePAF Originator Summary. Any ePAFs listed in the Current tab are ePAFs that have not been submitted or returned to you. Click on the History tab to view ePAFs that have been submitted. Click on the person's name to open the ePAF to view the details and Routing Queue.

What do the different statuses of an ePAF mean?

- **Waiting**: The ePAF has not been submitted and needs to be updated and submitted or deleted.

- **Pending**: The ePAF has been submitted but has not yet been fully approved.

- **Disapproved**: The ePAF cannot move forward.

- **Voided**: The ePAF has been removed from all approval queues and will remain in the originator's history.

- **Returned for Correction**: The ePAF must be corrected and resubmitted.

- **Approved**: The ePAF has been fully approved but not yet applied by Payroll.

- **Completed**: The ePAF has been fully approved and applied by Payroll.

What do I do when I receive warning messages after submitting my ePAF?

<u>All warning messages can be ignored</u> as your ePAF will be submitted regardless of any warning messages that are received. Only <u>error</u> messages will prevent you from submitting your ePAF.

I submitted an ePAF then realized I need to make a change to it. What do I do?

From your ePAF Originator Summary, click on your History tab and open the ePAF that needs to be corrected. Click on the Return for Correction button. The ePAF will then be moved to the Originator Summary > Current tab. The Originator can then update the ePAF/make changes and then resubmit.
