MESSAGE FROM THE PRESIDENT

Founded in 1969, Stockton University ranks among the nation’s finest educational institutions and among the top 100 public institutions in the U.S. Stockton proudly offers the academic, technological and cultural advantages of a large institution combined with the community spirit of a small liberal arts college. As a public university, Stockton provides an environment for excellence to a diverse student body, including those from underrepresented populations, through an interdisciplinary approach to liberal arts, sciences, and professional education. The University’s commitment to cultural diversity and our welcoming and vibrant community makes Stockton a great place to learn and work.

With more than 8,500 undergraduate and graduate students and more than 700 full-time and part-time faculty members, Stockton offers more than 160 undergraduate and graduate programs in its seven academic schools, as well as continuing education opportunities, in a primarily in-person learning environment. Stockton thrives as a distinctive institution, providing a diverse, values-based, student-centered environment of exceptional teaching and learning.

Located one hour from Philadelphia and two hours from New York City, the University offers unique living and learning environments throughout southern New Jersey, including the 1,600-acre Galloway campus in the Pinelands National Reserve and Stockton University Atlantic City, located in the University District, just steps from the beach and the iconic Atlantic City Boardwalk.

As an Anchor Institution in southern New Jersey, Stockton is committed to being in and of the community. To be a strong partner, we collaborate with our neighbors to make a positive impact on the region. The Stockton approach to higher education includes a focus on civic engagement, developing our students to be leaders in their community through service-learning, social justice and other experiential learning opportunities.

Stockton continues to evolve and adapt our course offerings and faculty expertise to meet the needs of the region. Our newest degree programs in Hemp and Cannabis Business Management, Esports Management, and Education and Human Development are prime examples of our academic programming working to prepare students for the careers of tomorrow.

Entering my second year as President, I’m excited for the future of Stockton University and continuing to build our community of opportunity. I am committed to our mission-driven value of putting students first and look forward to working with faculty, staff, students, alumni, and community partners to continue elevating Stockton and the region.
