The Richard Stockton College of New Jersey
Kramer Hall Annual Report 2012 - 2013

VISION STATEMENT

Kramer Hall opened in January 2013 offering students a convenient location to start or continue their education. Hoping to expand Stockton's roots in the growing town of Hammonton, Kramer Hall offers 1 twenty four seat computer lab, 2 thirty seat multipurpose rooms, 16 seminar rooms and 3 forty three seat classrooms offering undergraduate and graduate level courses throughout the year.

MISSION STATEMENT

Kramer Hall in Hammonton delivers comprehensive academic scheduling designed for students who are beginning or continuing their Stockton career. The convenient location and the state of the art classrooms allows Kramer Hall to offer students the same excellent education as main campus, in our new facility equipped with office staff, computer lab and student lounge area.

Departmental Goals: 2012-2013 Instructional Site: Hammonton

Learning: Collaborate with members from Academic Affairs to develop meaningful student internship opportunities at the Hammonton and Manahawkin Instructional Sites.

Engagement: Collaborate with regional community members and agencies from both the town of Hammonton and Ocean County to identify reciprocal program partnerships.

Global Perspective: Facilitate the sharing of international faculty/adjuncts and visiting professors who may have expertise in areas of interest for both the Hammonton and Manahawkin Instructional Sites.

Sustainability: Identify opportunities to support the Colleges sustainability efforts through our academic and co-curricular program offerings at both the Hammonton and Manahawkin Instructional Sites.

Assessment: Conduct on-going community educational interest survey for Hammonton and Ocean County residents to help inform what programs and services residents from both respective areas are seeking from the College.

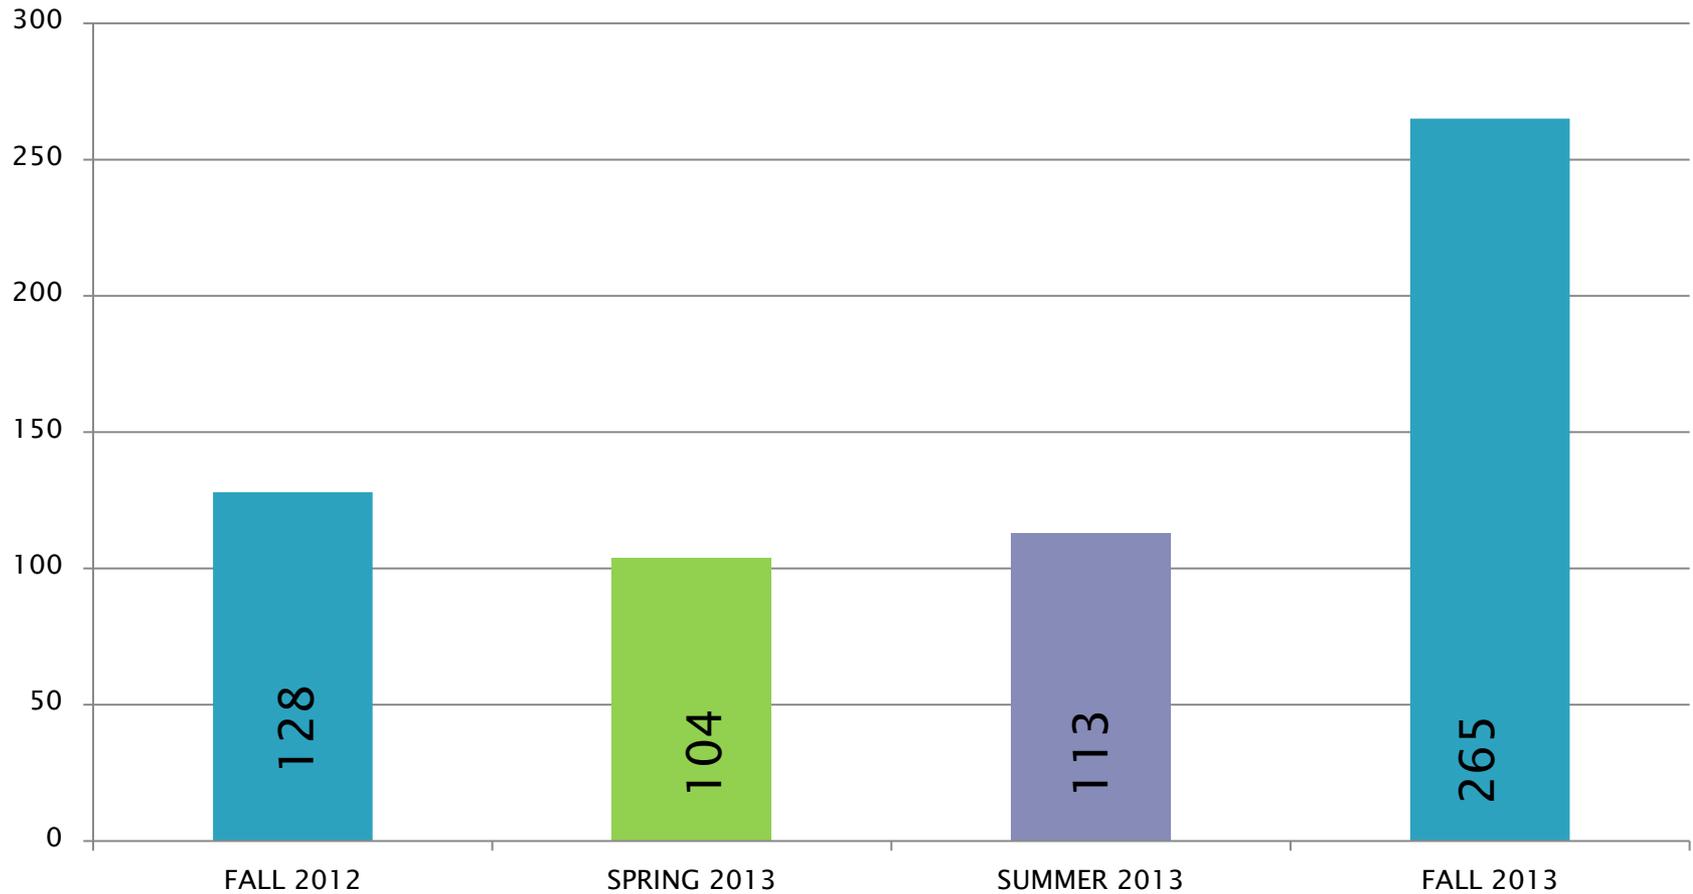

In concert with the goals of the College's strategic plan, working closely with students and Ocean County to make site successful in community.

- Increase student retention rates through collaborative efforts with Academic Affairs and other divisions of the college.
- Introduced new location for Summer courses and advertise to locals.
- Develop and implement a model that will be successful for semesters to come.
- Offer programs to maximize the student & staff involvement.
- Work in collaboration with Academic Advising to offer students a convenient location for advising.
- Work in collaboration with the Admissions Department to assist new/incoming students with the admissions and transfer process on site.
- Work with outside organizations to promote our site to the community and surrounding districts
- Collaborate with local Community Colleges for academic and contractual purposes.
- Work with state organizations (NJ Child Welfare) to host Welfare training programs for the North/West NJ coast at our site
- Collaborates with Stockton's SRI & ETTC program for scheduling and hosting of training sessions within our site throughout the year.

Development of Site & Community Outreach

- Works closely with local community to remain up to date and involved in our surroundings
- Attends Chamber of Commerce meetings as members of the Chamber with many other local community organizations and members.
- Works local events such as Founder's Day in Stafford, communicating our offerings to residents alike.
- Assist with community efforts in times of need i.e.: Hurricane Sandy
- Collaborates with local businesses to hold forums and meetings when needed
- Offers ample and easy to use space for local community members and organizations to utilize our site.
