Campus Growth

Stockton University is in the midst of a growth phase, which may result in the need to change pedestrian and vehicle traffic patterns. To ensure your safety, please follow and use the designated lit paths to access the University. Please follow and heed all signage and directives posted and/or given by the Campus Police Department. Please be aware that students and guests may see heavy equipment on campus, routine materials being delivered to the construction sites, and an increase in noise in the area where work is being conducted. Guests, residential students and all community members are encouraged to remain informed of the progress of our projects by accessing our project developments website from the Community and Visitors Link on the Stockton home page: www.stockton.edu.

Please contact the **Campus Police Department** at (609) 652-4390 for any health or safety concerns or questions you may have.

*Thank you
for your patience
and cooperation!*
