 1. Pursuant to N.J.S.A. 18A:64-69, any award resulting from this RFP shall be made within sixty (60) days from the Bid Proposal due date, except the bids of bidders who consent thereto, either before or after the 60-day period, may at the request of the University, be held for consideration for such longer period of time as may be agreed.

II. SCOPE OF SERVICES

- A. This Request for Proposal (RFP) issued by Stockton University (the “University”), seeks proposals for experienced and qualified Bidders for a Curtailment Service Provider (CSP) to manage the University's participation in the Pennsylvania Jersey Maryland (PJM) Regional Transmission Organization (RTO) Demand Response Program. The PJM RTO is responsible for overseeing and operating the electric grid for a large portion of the Mid-Atlantic and northeastern United States, including New Jersey.
- B. The objective is to determine the optimum method of scheduling activities with high electrical demand and to reduce requirements at peak demand times for PJM. By reducing the demand at peak times PJM is saved from having to generate more electricity, that is usually more costly to generate. By reducing peak demand, at set times, the University can receive incentives as part of the PJM demand response program to lower the overall cost of electrical power.
- C. An Emergency Curtailment Event availability shall be any day within the performance obligation period from June 1st to May 31st.
- D. An Emergency Curtailment Event or test may be called Monday – Sunday, with the likelihood of a weekend curtailment being uncommon, for the following schedule (prevailing Eastern Time):
 - 1. June – October: 10:00 a.m. to 10:00 p.m.
 - 2. November – April: 6:00 a.m. to 9:00 p.m.
 - 3. May: 10:00 a.m. to 10:00 p.m.
- E. Maximum calls per period will be unlimited.
- F. Performance Response Time: Reduction within 30-minutes based on PJM’s notification of event.
- G. If no Emergency Curtailment Event is called, the University shall participate in a one-hour test. This single one-hour test shall be scheduled at least 48 hours in advance and subject to the "blackout" dates (refer Section VI, ‘C’ below). The University agrees that occurrence of an Emergency Curtailment Event AFTER testing renders the test void.
- H. Options for voluntary reduction of the University’s electrical consumption (in excess of the target determined by consultation between the University and the Curtailment Service Provider during the Obligation Period and voluntary reduction at other times) shall be forwarded to the University for consideration. The University does not plan to use generators for load reduction purposes.
- I. The Contractor is responsible for identifying and providing the University with a complete list of any and all necessary permits, agreements and approvals and parties responsible for attaining or completing them.
- J. **Compensation:**
 - 1. The University shall be paid the contracted percentage for each curtailment season of the PJM RTO final capacity market clearing price for the ACE zone, averaged over the hours of called Emergency Curtailment Event in the season (or test if no Emergency Curtailment Event happens).
 - 2. The University shall be guaranteed payment for full or partial success in an Emergency Curtailment Event (or test if no Emergency Curtailment Event happens). The Contractor shall send payment to the University before October 31st after the previous Performance Obligation Period ends on May 31st.

3. Evaluation of performance shall be based on the measurement rules of PJM RTO. Any substantive change in these rules shall be promptly communicated to the University. The University and the Contractor shall agree upon the target value reductions for accounts enrolled before any test period or Emergency Curtailment Event. Any changes to this agreement must be in writing signed by both parties.
4. The Contractor shall provide timely and detailed accounting of all demand response transactions to the University.
5. The University will not be subject to any financial penalty in the event of non-performance (during an Emergency Curtailment Event or test) during the Performance Obligation Period or other times of the year.
6. The University shall receive 100% of any energy payment associated with an Emergency Curtailment Event (or test if no Emergency Curtailment Event occurs).

K. Service Interruption & Security:

1. Data collection shall not interfere with the operation of any other metering on-site used for renewable energy generation or building energy use data collection.
2. Data collection devices shall be protected so that power interruption will not cause data loss.
3. Security protocols and/or hardware shall be provided to prevent hacking into the University's systems from data collection devices or interconnections.
4. Failure of any data collection device shall not interfere or cause failure or shutdown of the University's systems or connected systems.
5. The University will not be responsible for losses and/or damages of the Contractor's supplies, tools, and/or equipment. Damages caused by Contractor negligence or error shall be repaired by the Contractor at no cost to the University. All associated equipment, materials, and workmanship shall comply with all applicable codes and industry standards.

L. Stockton University Specific Information:

1. The University is serviced by the utility company Atlantic City Electric (ACE). The University plans to enroll our two (2) largest electric accounts:
2. The main meter account serves the main academic complex and Housing 2 & 3 - ACE acct.# 55507176831, the current capacity/transmission peak load contribution as of January 2024 is 4936.95 / 5265.36.
3. The additional account serves Housing 1 and part of Housing 5 (Bldgs. 124 & 125)- ACE acct # 55006718369, the current capacity/transmission peak load contribution as of January 2024 is 334.32 / 419.57.
4. A curtailment target of 500 to 1200 KW could be considered for the main meter account and a curtailment target of 60 to 200 KW could be considered for the additional account serving Housing 1 and part of Housing 5. These ranges are STRICTLY ADVISORY. Targets will be determined by consultation between the University and the Curtailment Service Provider after contract award.

5. The University requires four (4) days of "blackout" when no test shall be scheduled. This is to protect the University community at its peak periods of activity, and will be restricted to the first two (2) weeks in September. The University will specify its "blackout" dates before the start of each year's Obligation Period. If PJM RTO calls an Emergency Curtailment Event during the "blackout" period, the University will make a good faith effort to curtail and the University shall be guaranteed a proportionate partial payment for partial success in Emergency Curtailment Event (or test if no Emergency Curtailment Event happens).
6. The University is not interested in participating in "economic" demand response or "multi-market" services.

III. APPENDIX A: CUSTOMER USAGE INFORMATION AUTHORIZATION FORM

- A. After review of the Bid Proposals, the University intends to issue a Notice of Intent to Award a Contract. The Awarded Vendor is then required to provide a completed **Customer Usage Information Authorization Form**. This form allows the Awarded Vendor to receive information regarding Stockton University's historical energy usage & billing information, and consent to the release of same for the purposes of evaluating and/or enrollment in a demand response curtailment program from Atlantic City Electric. This form must be submitted, along with the other required documents, to the Office of Procurement and Contracting prior to Contract execution. An example of a Customer Usage Information Authorization Form is included as a separate attachment on the [Vendor Portal](#), within the same table as the RFP Document.

IV. CUSTOMER SERVICE REQUIREMENTS

A. **Standard Operational Services**

1. The Contractor must provide a Primary Account Manager that will serve as the point of contact for all business-related matters. Contact information, and a brief resume for the primary account manager should be included in the RFP submission for evaluation purposes.

B. **Quotes & Invoicing**

All quotes and invoices shall be in an easy to read format, and include individual line items separated by the pricing categories as designated on the "Proposal Pages" of this RFP (*as applicable*).
2. The University reserves the right to have the Contractor modify information supplied on quotes, or invoices in order to process orders and ensure contractual pricing is being followed.
3. In the event that the Contractor submits an estimate, or if the University issues a Purchase Order containing costs in excess of the true invoiced amount, the University will only make payment on the actual services performed and billable expenses. The Contractor will make all necessary adjustments to resolve the account balance.
4. If the Contractor is quoting a service not accounted for as part of the pricing on the 'Proposal Pages' of this RFP, then the quote shall indicate that the cost is at a negotiated rate.
5. The Contractor shall provide electronic invoicing to a designated Stockton email address.

- A. Vendor affirms that it meets all the requirements of this RFP, and has the full capability and credentials to provide the University with all services and Deliverables.

- D. The Contractor shall, without additional compensation, correct, or revise any errors, omissions, or other deficiencies in its services, and Deliverables furnished under the Contract. The approval of interim Deliverables furnished under the Contract shall not in any way relieve the Contractor of fulfilling all of its obligations under the Contract. The acceptance, or payment for any of the goods and/or services rendered under the Contract shall not be construed as a waiver by the University of any rights under the agreement, or of any cause of action arising out of the Contractor's performance of the Contract.
- E. The acceptance of, approval of, or payment for any of the goods and/or services performed by the Contractor under the Contract shall not constitute a release, or waiver of any claim the University has, or may have for latent defects, errors, or other breaches of contract, including warranty, or negligence.

VI. CONTRACTOR QUALIFICATIONS & REQUIREMENTS

- A. The University and the Contractor shall each designate a Primary Account Manager to oversee all service matters, ensure success, and resolve any issues. The University's Primary Account Manager shall be the only authorized University representative to oversee the account unless otherwise directed by the University in writing by either the project manager, or the Vice President of Facilities & Operations. In the event of any discrepancy, final authority shall be granted to the Vice President of Facilities & Operations.
- B. The Contractor must be a current member of PJM and listed as a Curtailment Service Provider for the State of New Jersey on the PJM website: <http://www.pjm.com/markets-and-operations/demand-response/csps.aspx>.

The Contractor shall provide adequate staffing and necessary work control procedures to include, but not be limited to, planning and scheduling of work and complete work requirements within the University's specified time limits to assure the performance of work in accordance with the terms of this RFP.
- E. The Contractor shall provide all the labor, equipment, supplies, and material for collecting energy consumption and demand data, analyzing data, and providing services on behalf of the University.
- F. Ensure that all work performed is completed to not adversely affect daily operations and all facilities remain in working order at all times, unless otherwise approved by the University's representative.

- H. The Contractor *must* have a minimum of five (5) years' experience providing the services listed in this RFP, and *preferably* with other similar institutions of higher education.
- I. The Contractor shall have sufficient staff, equipment, materials, and overall capability to meet the scope of work under this RFP.
- J. As applicable, the Contractor shall provide all services in accordance with current state adopted codes, repair service laws and/or ordinances, and all rules and regulations of health, public and or other authorities controlling or limiting the methods and materials to be used, or the actions of those engaged in the work.
- K. The Contractor must hold a current License for any equipment and/or service(s) required by statute (if/where applicable).
- L. The Contractor must comply with all OSHA requirements and regulatory requirements regarding safety standards.
- M. The Contractor agrees that it is an Independent Contractor and not an employee of the University. As an Independent Contractor, the Contractor agrees to be responsible for any payroll or withholding taxes and workers' compensation or other fringe benefits which may be required for it or its employees. It is further expected that the Contractor's staff to be employed on this engagement will be of the number and experience level as to be commensurate with the level of service being provided.
- N. All services provided under Contract shall conform to all requirements of all Federal, State, and/or local regulatory regulations.
- O. Contractor, and all subcontractors (if applicable) must be registered in the state of New Jersey, including, but not limited to the NJ Business Registration.

VII. PRICING & PAYMENTS

- A. **Pricing for services shall be provided and established based on the following categories for each potential year of Contract. Pricing shall be all-inclusive (*section 'D' below for further details*).**
 - 1. **Pricing will be based on a percentage (%) of the PJM RTO final capacity market clearing price (for ACE zone) averaged over the hours of an Emergency Curtailment Event in the season (or test if no Emergency Curtailment Event occurs).**
- B. All pricing, agreed upon under the Contract resulting from this RFP, shall not increase for the duration of the Contract. Additionally, all pricing under Contract shall be considered a maximum value, not a minimum value. The Contractor may charge the University less than the Contractual pricing, in its sole discretion.
- C. **Costs are all-inclusive**, and must include, but are not necessarily limited to, all labor, setup, logistics, equipment, tools, software, delivery, travel time, supervision, coordination efforts, insurance, estimates, fuel, profit, and all other associated or incidental items necessary for the successful completion of the scope of work described in this RFP.
 - 1. Any travel time (fuel included), for which a Contractor is obligated, shall be considered as overhead, and included within the all-inclusive pricing model based on the '*Proposal Pages*' of this RFP. The University will not pay any additional fees for travel time by any employee, subcontractor, or affiliate of the Contractor.

- D. In order to obtain pricing for evaluation purposes, the Bidder will need to complete the “*Proposal Pages*” of this RFP. The ‘*Proposal Pages*’ are not necessarily exclusive, or exhaustive and serve for the purpose of expressing potential need for common goods and/or services. Additional goods and/or services may be purchased from the Contractor that are not specifically referenced, but are nonetheless reasonably part of the related scope of work and intent of this RFP, and associated Contract. The costs for these services will be at a negotiated rate between the Contractor, and the University. The Contractor shall make an effort to maintain pricing that is consistent, and within reason of similarly priced items or services.
 - 1. The University’s issuance of a Purchase Order shall serve as the official acceptance for any negotiated rates under this RFP for that specific order only. No negotiated cost shall be assumed to be accepted by the University for future orders.
- E. If applicable, the Contractor shall be responsible for securing and paying for all necessary permits, including application fees, where applicable and requested by the University. The Contractor will be reimbursed for permit and application costs on an as needed basis. Permitting costs are therefore not a component of the all-inclusive pricing structure and shall not be factored into the all-inclusive price.
- F. All pricing in the submission (including the Proposal Page(s) of this RFP) must be typed or written in ink. Any price change (including "white-outs") must be initialed. Failure to initial next to price changes shall preclude a Bidder from Contract award.
- G. All pricing submitted for this RFP must remain constant for the duration of the contract resulting from this RFP. No increases to the proposed pricing model will be allowed.
- H. If the Bidder puts a zero (0) on an item on the ‘*Proposal Pages*,’ the University conclusively deems that price to be zero and that the Bidder is offering the item to the University at no cost. Any other notations, such as “N/A” or a blank unit price will be interpreted as an item which the Bidder cannot supply, or deliver and therefore, may result in the submission being deemed non-responsive.
- I. Pricing will not be based on any minimum amount of goods and/or services to be provided and the University makes no guarantee of volume, usage, or fees to be paid to any Contractor.
- J. Pricing must be all inclusive. *Any delivery costs are the responsibility of the Contractor and must be accounted for in the Bid Proposal pricing. The University will not pay separate shipping costs.* All delivery for goods must be FOB destination, unless expressly specified otherwise by the University. In the event of damage, shortage, or other loss resulting from shipment to any Stockton facility by the carrier, any claim for such damage, shortage, or other loss shall be a matter between the Firm and the carrier.

X. SUBMISSION REQUIREMENTS

- A. In order to be considered, Bidders must submit a complete response to this RFP.
- B. Submission should be presented in a straightforward, concise, and clear manner so that it can be easily comprehended and understood. The University highly prefers submissions in PDF format and as a single file (not conforming to this preference will not affect evaluations). Every effort should be made to avoid duplicating the information presented in the submission.
- C. Submissions should not contain Uniform Resource Locators (URL) or web addresses. The internet contains dynamically changing content, and any inclusion of a URL or web address is indicative of potentially changing information. Inclusion of a URL or web address implies that the RFP’s content changes as the referenced web page changes.
- D. Each team’s RFP should be organized by distinct sections corresponding to the ‘*Evaluation & Selection Criteria*’ and ‘*Required Procurement Documents*’ and in the same order as listed below:

E. Submission Format

Submission should include a **Table of Contents**, identifying the ‘*Section Titles,*’ in the table below. Firms should provide detailed information for each scoring category for evaluation purposes:

Section	Section Title
Section 1	<i>Proposal Page(s) / Pricing</i>
Section 3	<i>Vendor Qualifications: Experience & Capabilities of the Organization</i>
Section 4	<i>Project & Team Staffing Experience, Qualifications, and References</i>
Section 6	<i>Any additional/supplementary information the Bidder would like to submit for consideration</i>
Section 7	<i>‘Required Procurement Documents’ (see page 4 of this RFP for a list of the required documents)</i>

Bid Proposals will be assessed by a committee based on the evaluation and selection criteria established in this RFP. The University will evaluate proposals based solely upon material submitted, and failure to include information pertaining to an evaluation category may result in zero points. For more information, please view the “Evaluation & Selection Criteria” section of this RFP.

Evaluation and Selection Criteria

Selection of the Awarded Vendor(s) shall be based solely on the Review Committee’s evaluation of the submissions and criteria set forth below in the “*Evaluation & Selection Criteria*” table. The University reserves the right to interview, and/or hold presentations with the respondents or request written responses regarding a proposal. The University also reserves the right to negotiate the terms and conditions of the contract. In addition, the University reserves the right to suspend or terminate the procurement process described in this RFP at any time (in its sole discretion). If terminated, the University may determine to commence a new procurement process or exercise any other rights provided under applicable law without any obligation to the Respondents.

Submission of a Proposal against this RFP is your acknowledgement that subjective criteria will be used in the evaluation of proposals. An award shall be made to the responsible Bidder that is determined to be the most advantageous to the University, price and other factors considered. By responding to this RFP, Bidder acknowledges and consents to the conditions set forth herein relative to the submission review and consideration of Proposal.

The University may request that a Bidder clarify any information contained in its Proposal. A request for clarification may be made in order to resolve minor ambiguities, irregularities, informalities, or clerical errors. Clarifications cannot correct any deficiencies or material omissions. Bidder is required to provide a written response to such requests. A request for clarification by the University shall not be construed to imply acceptance or rejection of a Proposal. Comments regarding other Proposals are not permitted, and Bidders may not attend interviews or presentations made by competitors.

The award of this RFP will be based upon a review and analysis of all submissions to determine which Proposal(s) best meets the needs of the University. The Evaluation Committee will review and score Proposals based on the points-earned matrix, as detailed in the table below:

Evaluation & Selection Criteria	Points
Vendor Qualifications: Experience & Capabilities of the Organization	0 - 30
Project & Team Staffing Experience, Qualifications, and References	0 - 30
Pricing (Proposal Pages)	0 - 40

Important Notes

- The University will evaluate Bid Proposals based solely upon material submitted, and failure to include information pertaining to an evaluation category may result in zero points.
- This RFP is designed to provide interested Bidders sufficient information to submit Proposals meeting the minimum requirements, but is not intended to limit a Bidder’s content or exclude any relevant or essential documentation. Bidders are encouraged to include information regarding any added value that is consistent with the scope of work and objectives of this RFP.
- Pricing may be evaluated in relation to the quality of the services proposed and may not necessarily demonstrate a direct relationship with the numerical costs submitted by each Bidder.
- If a vendor submits a proposal that does not provide detailed and coherent information regarding a specific scoring category, the vendor may be granted zero (0) points for that category.
- The University reserves the right to conduct reference checks.

VI. REPRESENTATIONS & WARRANTIES

- A.** The Bidder has legal capacity to execute and perform any Agreement arising from this RFP.
- B.** Any Contract arising from the award of this RFP is a valid and binding Agreement, enforceable against the Contractor according to its terms.
- C.** The execution and performance of a Contract by the Bidder does not and will not violate or conflict with the terms of any existing Agreement or understanding of which the Bidder is a party.
- D.** The execution and performance of a Contract by the Bidder does not, and will not, violate or conflict with any law, rule, regulation, judgment or order of any court or other adjudicative entity binding the Bidder.
- E.** The Bidder knows of no reason, or is any way physically, legally, or otherwise precluded from performing the obligations under a Contract arising from this Bid solicitation, in accordance with its terms; including without limitation those relating to health and safety.
- F.** Such warranties shall survive and shall not be deemed waived by delivery or acceptance of, or payment for the goods and services.
- G.** The Bidder warrants and represents that the items and/or services, when delivered, shall meet, or exceed all applicable standards as mandated by State and Federal regulation.

VII. DEFAULT

- A.** In the event that the Contractor fails to comply with any material Contract requirements, the University may take steps to terminate this Contract in accordance with the Standard Terms & Conditions, authorize the delivery of Contract items by any available means, with the difference between the price paid and the defaulting Contractor's price either being deducted from any monies due the defaulting Contractor or being an obligation owed the University by the defaulting Contractor, as provided for in the State administrative code, or take any other action or seek any other remedies available at law or in equity.

VIII. SUBMISSION ERRORS

- A.** A Bidder may request that its RFP proposal be withdrawn prior to RFP opening. Such request must be made, in writing, to the Director of Procurement & Contracting. If the request is granted, the Bidder may submit a revised RFP proposal as long as the revised RFP proposal is received prior to the announced date and time for the opening of RFP proposals and at the place specified.
- B.** If, after the opening of RFP proposals, but before Contract award, a Bidder discovers an error in its RFP proposal, the Bidder may make written request to the Director of Procurement & Contracting for authorization to withdraw its RFP proposal from consideration for award. Evidence of the Bidder's good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the Contract resulting from the RFP proposal would be unconscionable; that the mistake relates to a material feature of the Contract; that the mistake occurred notwithstanding the Bidder's exercise of reasonable care; and that the University will not be significantly prejudiced by granting the withdrawal of the RFP proposal.
- C.** If, during the evaluation of RFP proposals received, an obvious pricing error made by a potential contract awardee is found, the Director of Purchasing shall issue written notice to the Bidder. The Bidder will have five days after receipt of the notice to confirm its pricing. If the Bidder fails to respond, its RFP proposal shall be considered withdrawn, and no further consideration shall be given.
- D.** If it is discovered that there is an arithmetic disparity between the unit price and the total extended price, the unit price shall prevail. If there is any other ambiguity in the pricing other than a disparity between the unit price and extended price and the Bidder's intention is not readily discernible from other parts of the RFP proposal, the University may seek clarification from the Bidder to ascertain the true intent of the RFP proposal.

IX. SUBCONTRACTING

- A.** Any Contract pursuant to this RFP shall not be subcontracted without the prior written approval from the Director of Procurement & Contracting, or designee, to any other person, company, corporation, firm, organization, or agency.

X. SALE OR BANKRUPTCY OF BUSINESS

- A.** If during the life of this Agreement, the Contractor disposes of its business by sale, transfer, force of law or by any means to another party, all obligations are transferred to such purchaser. In this event, the new owner(s) may, in Stockton University' discretion, be required to submit a performance bond in the amount of the value of services to be delivered pursuant to this Agreement.
- B.** In the event of the institution of any proceedings by or against the Contractor, voluntarily or involuntarily, in bankruptcy or insolvency, or under the provisions of the Federal Bankruptcy Act, or for the appointment of a receiver or trustee or an assignee for the benefit of creditors of the property of the Contractor, Stockton University shall have, in addition to the rights previously stated, the right to cancel this Agreement forthwith.

- C.** Contractor shall reimburse, and make good to the University all monies, which the University or its representatives shall pay, or cause to be paid, or become liable to pay, by reason of such claims, or in connection with any litigation, investigation or other matters connected therewith.
- D.** This indemnification obligation is not limited by, but is in addition to the insurance obligations contained in this agreement.

XII. INSURANCE

- A.** Contractor agrees to obtain and maintain, at its sole expense, the insurance coverage described below. - B.** Contractor agrees that no insurance policy will be cancelled, reduced, or revised without thirty (30) days prior written notice to Stockton University. In addition, required insurance will be primary to any other insurance available and any limitations of Vendor’s insurance will not relieve the Vendor of its indemnification responsibilities to Stockton University and the State of New Jersey per the *Indemnity* section of this Project.
- C.** All such policies shall name Stockton University and the State of New Jersey as “Additional Insured.” The New Jersey Educational Facilities Authority shall also be named as an additional insured for buildings in which their interests appear.
