

# Registration Notes and Definitions

- Most courses are on main campus, but there are some in Hammonton, Manahawkin and Atlantic City. Be sure to verify the campus location of each course.
- Sections **-091, -092, 093,** etc. means **online component** – course may be
  - Completely online
  - May be primarily online but meet one-three times for mandatory face-to-face sessions
  - May be partially online and meet for reduced times/days
- Be sure to click Submit once you have added a course to the registration queue. Your spot is not reserved until you do so, and the course could close while in your queue.
- Check your schedule to see if you are **Wait-Listed** on a course rather than Web Registered.
- **DON'T** sign up for a course today which seems similar to a course you have taken.
- **Common Registration Errors:**
  - Prerequisite/Test Score Error: Prior course requirements have not been met. For example, CRIM 1100 must be taken before CRIM 2114 or most other CRIM courses.
  - Open – Reserved for Waitlist: There may be a spot available, but it is being held open for students on the waitlist.
  - Permission of Instructor/Permission of Department Required: You may need to contact the instructor or department (School) directly to request a permit.
- **Check your Degree Works (degree evaluation) online** to see what courses you need.
- **Update your Degree Works after you register to see how your new courses meet requirements.**
- Q1/Q2 (quantitative), W1/W2 (writing), A-Arts, H-Historical Consciousness, V-Values, I-International can also be met with At-Some-Distance courses (non-SOBL and Gxx) as well as program courses.

## **Course Attributes and other Terms:**

A	Arts attribute
I	International/Multicultural attribute
V	Values/Ethics attribute
H	Historical Consciousness attribute
F	First-Year Student Appropriate
W1	Writing Intensive (skill) course – similar to ENG 101
W2	Writing across the discipline course – uses writing instruction as part of course delivery
Q1	Quantitative reasoning (skill) course – math course
Q2	Quantitative reasoning course – utilizes math and/or quantitative data in course delivery
ACA	Atlantic City Campus
HEC	Hammonton Instructional Site (Kramer Hall)
MIS	Manahawkin Instructional Site
POI	Permission of Instructor (ask us how to get a POI)
SL	Service Learning (includes volunteer hours)
XL	Cross-listed course – if course is closed, ask us – seats may be available under another acronym

Program courses = courses in your major

Cognate courses = courses in your School (SOBL) but not in your major

ASD or At-Some-Distance courses = program courses in other Schools (non-SOBL) or in General Studies
