Galloway Township, NJ – The Stockton Center on Successful Aging will offer “Learn to Draw” workshops in March and April at the Atlantic County Library System’s Community Meeting Room, 1 Swift Drive in Egg Harbor Township, NJ.

Tom Sandor, a local artist and SCOSA volunteer, will use his experience and expertise to help participants learn to draw what they “see,” at their own pace, developing powers of observation and defining individual style. With emphasis on self-discovery and skill development, the class will focus on building and refining basic skills, exploring a broad range of drawing materials and sharing ideas and techniques.

No experience is necessary, but those with a sample of previous work are encouraged to bring it to class.

The group will meet on Wednesdays from 10 a.m. to 12 p.m. on March 4, 11, 18, 25 and April 1, 8, 15, 22, 29, 2015.

Attendees must purchase and bring their own materials. A fee of \$5 per person per session also will be charged and collected by the presenter. Advance registration is required either online stockton.edu/scosa or by calling 609-626-3591. (Please leave contact information.)

This is one of a series of workshops for older adults that SCOSA is sponsoring at the Atlantic County Library in Egg Harbor Township, which can be reached at 609-927-8664.

Visit the [SCOSA website](http://stockton.edu/scosa) for more information, updates and cancellation procedures.
